To Whom It May Concern,

I am writing to wholeheartedly recommend Ubaid Bin Waris, a student of BS Computer Science, for the Summer Internship Program. I have had the pleasure of teaching and mentoring [Your Name] in various academic settings during their time at Shaheed Zulfikar Ali Bhutto Institute of Science and Technology, and I can confidently attest to their strong academic record, work ethic, and dedication to learning.

Throughout their studies, Ubaid Bin Waris has consistently demonstrated a deep curiosity for Data Structure, Operating System, Database, Web development, often going beyond the classroom requirements to explore practical applications. Their project on [mention a standout project if any, e.g., "University Management System using Next.js and SQL"] particularly impressed me, showcasing both technical proficiency and problem-solving capabilities.

In addition to technical skills, Ubaid Bin Waris possesses excellent communication and teamwork abilities. They are respectful, punctual, and take initiative—qualities that will serve them well in a professional environment. Their ability to quickly adapt and contribute meaningfully makes them a valuable candidate for any organization.

I am confident that [Your Name] will be a dedicated and capable intern. I strongly recommend them for your program without reservation.
